

## Monday 19 February – Friday 22 March 2024 (cont.)

### D2 module options: from Wednesday 14.00 to Friday 17.00

#### Globalisation and Health (1503)

*Students must have a basic understanding of the political economy of health. Those who have previously registered for or completed DL module PHM209 may not select this option.*

#### Health Decision Science (1606)

*Students are expected to be familiar with Excel, and be capable of carrying out basic functions using Excel software, particularly drawing box and arrow diagrams, inserting formulae into cells, producing simple charts and tables. Students should also be reasonably numerate and feel confident in basic mathematics and simple logic.*

*Students who have previously registered for or completed DL module PHM201 may not select this option.*

*Sexual Health (1804). Students who have previously registered for or completed DL module PHM216 may not select this option.*

## Wednesday 24 April – Friday 24 May 2024

### E module options: from Wednesday 14.00 to Friday 17.00\*

#### Advanced Statistical Methods in Epidemiology (2412)

*Students must have completed either modules CTM207 or 2417 Design and analysis of epidemiological studies prior to studying this module. Students may not study both this module and CTM208 or EPM304.*

*HIV (3174) Students should have some level of scientific background before studying this module. Those who have previously registered for or completed DL module IDM501 may not select this module.*

#### Environmental Health Policy (1300)

*Students who have previously registered for or completed DL module PHM206 may not select this option.*

*\*Please note that the days on which the E modules run may be subject to alteration.*

*Please note:*

*The modules above are ones that are recommended as most suitable to the Clinical Trials programme. However, if you wish to take an on-campus module that is not on the above list, please email CTSupport to request to do so, giving your reasons for the request.*

## Method of assessment

Assessment methods for the on-campus modules vary and full details are given in the module outlines (see the web link at the top of

## Studying at the School

**Immigration/Visas:** Non-UK nationals who would like to attend on-campus modules at the School may require a student visa to allow them to study in the UK. Further guidance can be found on the [UK Government website](#). Please note that we cannot register students for any on-campus modules unless they hold the correct immigration permission.

If your DL fees are paid by a sponsor, you may need to check that they approve you studying module(s) at the School rather than by distance learning.

**Accommodation:** There are many options for accommodation in London. Please see our [webpage](#) for information on some of these. Please note it is your responsibility to pay for and organise accommodation for the period of your stay in the UK.

## Cost

Distance learning students who wish to study a short course (module) at LSHTM will be required to pay a fee for the LSHTM module(s). This fee is in addition to your DL programme fee. The module fee will vary depending on whether you have already paid for your distance learning MSc by one initial payment to the University of London or you are paying individually for distance learning modules on an annual basis. The cost will be £1,060 per module if you have paid for your DL programme by one initial payment at the point of initial registration or £2,060 per module if you have not paid/are paying for your DL modules in annual instalments. **Do not send any payment at this stage** - confirmation of the cost of your LSHTM module(s) and how to pay will be included in your offer of admission which will be sent to you if your application for blended learning study is successful.

### IMPORTANT NOTE:

*If you are registering through the University of London for the distance learning modules you wish to study next year, please do NOT register or include any payment for LSHTM on-campus modules you are choosing to study by blended learning. Transfer of module payments from the University of London to the LSHTM cannot be made. Please see below How to apply.*

## How to apply

**Applications for blended learning (intensive on-campus modules) can only be made direct to the LSHTM.** We will notify you via a message on the DL General Zone Noticeboard when applications for Blended Learning are open. This is likely to be in late October. **Please do not submit applications until we inform you the application process is open.**

Your application for blended learning study will then be considered by the relevant Module Organiser. The LSHTM Registry Short Courses staff will contact you to confirm your place on the module. If you have been accepted on the module you will then be required to
